

A NEW STANDARD IN STABILITY FOR OMEGA-3

élantria™ Ultra-Stable Omega-3 Features

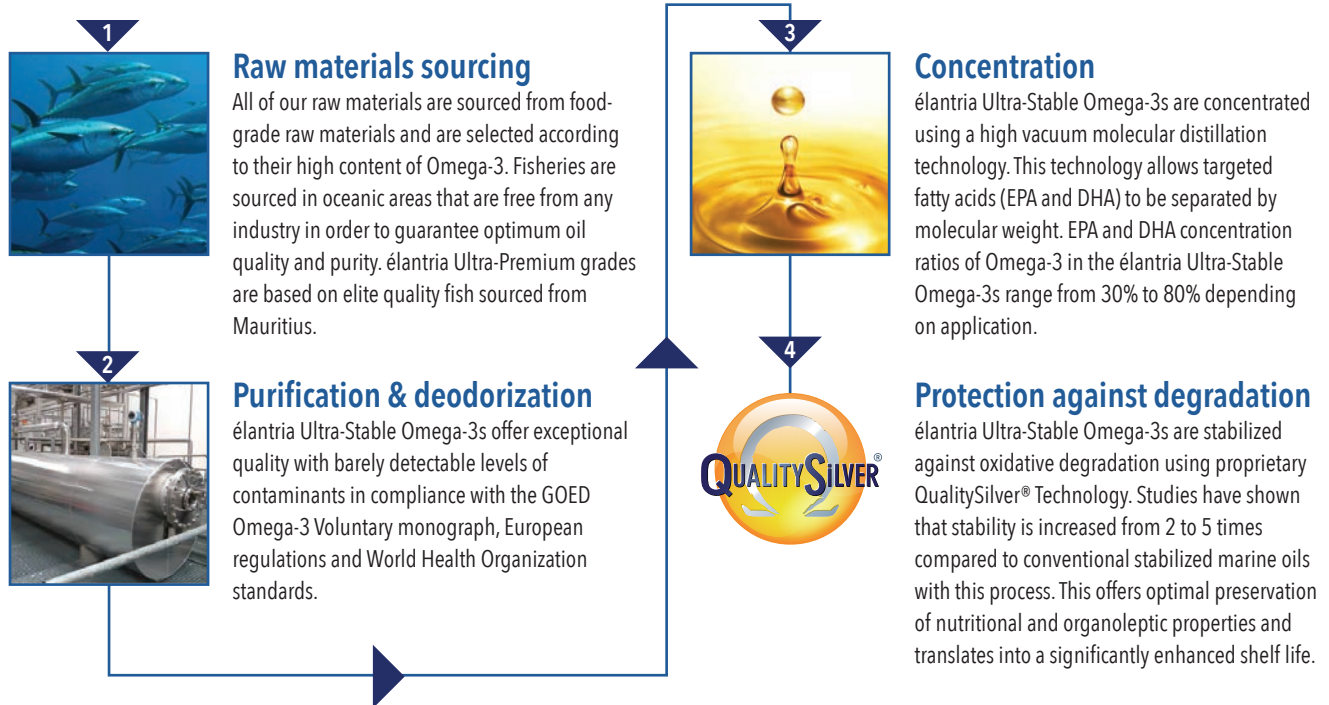

- Ultra-pure, highly stable oils
- 2 to 5 times more stable than conventional stabilized Omega-3s
- Shelf life guaranteed 3+ years
- Fully traceable supply chain
- Friend of the Sea™ certified harvesting & production
- Cutting edge purification, concentration & distillation
- Ultra-deodorized ingredients
- Low burp-back
- Clean color
- Neutral taste
- Smaller pill size

Every day, new studies confirm the wide-ranging health benefits of Omega-3 fatty acids. Your customers look to you to help them understand the benefits of these remarkable natural nutrients. They also count on you to help them provide the highest quality option of Omega-3 they should use in a confusing space.

The innovative élantria™ Ultra-Stable Omega-3 line of ingredients deliver a compelling high-quality solution. Starting with sustainable, traceable sourcing of the highest grade raw materials, the Elantria oils take the best of nature and apply cutting-edge purification technology to reduce odor and taste. They are concentrated to very high levels, using molecular distillation technology and protected using a proprietary QualitySilver® process that sets a new standard for stability and shelf life. The attention to detail that is given to every phase of creating élantria Ultra-Stable Omega-3 is your assurance of quality that you and your customers can trust.

ATTENTION TO DETAIL & THE HIGHEST QUALITY STANDARDS AT EVERY STEP

élantria Ultra-Stable Omega-3s are manufactured in state-of-the-art facilities in the Northwest of France. At every step along the way, a “best quality” approach is used.

élantria Ultra-Stable Omega-3 Line
